Why choose blinds?

While bespoke bi-fold doors create a wonderfully light, airy feel to your home, you'll find matching blinds not only enhance the look, but offer a practical way to perfectly adapt your home to different light and weather conditions.

Open, they allow a completely unobstructed panoramic view; closed, they help your room feel cosy and warm, as well as keeping your home safe from prying eyes. They can help control your room temperature, preventing heat build-up in summer and stop it from escaping in winter, helping you feel more comfortable all year round.

Origin Blinds are also able to protect furnishings from the harsh effects of strong sunlight.

With a huge variety of different fabric options available, each offering different levels of translucency, you will have complete control over the light levels in your room.

In short, Origin Blinds add an extra dimension, not only to your Bi-fold Doors or Windows, but to your entire home.

The ultimate in style...

Electric Roller Blinds

Imagine the luxury of having elegant tailor-made blinds, descending effortlessly at the lightest of touches to give a truly sophisticated look to your home.

With a hard-wired or battery powered roller blind, it can all be yours...

You have the perfect bi-folding doors and windows, so why choose anything other than the perfect blinds to complement them?

Our electric roller blinds give you the ultimate in opulence. Discreetly tucked away in a colour-matched cassette that sits within the reveal so it doesn't add any thickness to the frames, Origin Blinds truly give a desirable finish to any home. In fact, depending on the stage of construction, it can even be completely concealed so your blinds simply appear from within the ceiling!

They're operated simply by using a hand-held remote control or wall-mounted touch screen, both completely wire-free (with no channelling out needed), so you can raise or lower the blinds with ease for the ideal level of shade. Better still, with the addition of indoor sensors, they can also be programmed to automatically open and close at sun up and sun down – perfect to help reduce your energy bills and as an added security measure.

Practical and stylish, our roller blinds are available in an exciting array of colours and fabrics including plains, patterns, voiles and more, with a range of translucency and water-resistant options available too.

Practical Information

Safety features

We're always safety-conscious around the home. That's why our electric roller blinds are such a good choice as there are no chains or cords – even the wall mounted remote control is out of children's reach!

Cleaning

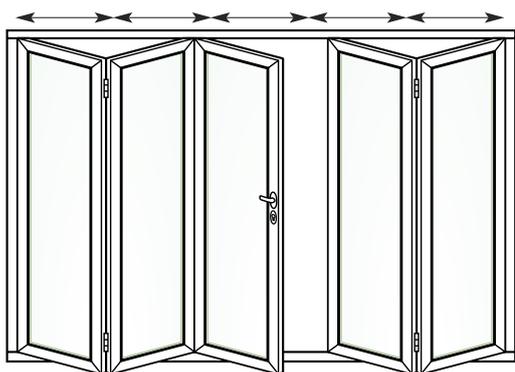

To keep your Origin Blinds looking pristine, simply give the track an occasional dust or wipe down with a damp cloth.

How to order

If you already have Origin Bi-fold Doors or Windows installed, ordering couldn't be easier... Just tell us your order reference or give us the serial number, and we'll have all the details we need to manufacture the perfect set of blinds.

Measuring for your blinds

Origin Blinds can easily be fitted onto existing bi-fold doors or windows. Simply give us the overall measurements and the width of each individual door leaf or pane.

Fitting

Like every other aspect of our blinds, fitting is easy! The system is really straightforward, so you can either have them fitted alongside your doors or windows, by a local handyman or even do it yourself as full instructions are included! Please note: a power supply is required to power the electric motor. This needs to be installed by a professional electrician. If a power source is already available, our electric blind systems are hard-wired for easy fitting.

Our guarantee to you

For your peace of mind, we offer a 5 year guarantee on Origin Blinds.

We guarantee that all Origin Blinds are free from component and assembly defects, provided that they are properly installed in a domestic environment. The guarantee is limited to the original purchaser, and is straightforward with just a few obvious conditions and exclusions.

The conditions

This guarantee is invalid if the damage or failure was caused by:

- Accident
- Alteration
- Exposure to elements
- Misuse
- Failure to follow measurement, installation, cleaning or maintenance instructions
- Fitted in a non-domestic environment
- Normal wear and tear

Product exclusions

- Warpage through exposure to high humidity
- Fabrics and dyes – normal fading

Scope of warranty

Components	5 years
Motors	5 years
Battery Motors	3 years
Labour, collection & re-delivery cost	1 year

The very best in British design and handmade quality.

Like our made-to-measure bi-fold doors and windows, Origin Blinds are manufactured in the UK to the very highest of standards. So, as well as having the most stylish option for your windows and doors, by choosing Origin, you'll also be supporting British industry!

About Origin

Origin are the UK's leading specialist manufacturer of bespoke aluminium bi-folding doors, windows and made-to-measure blinds.

Established in 2002, Origin have since worked relentlessly to perfect the design and functionality of bi-folding doors, windows and blinds to create and maintain the highly respected reputation for quality and service they have today.

Origin was originally born when cousins, Neil Ginger and Victoria Brocklesby, set out with the ambition to design, create and manufacture the UK's best quality doors, backed by uncompromising levels of service.

Despite the growth and deserved success, the family ethos still firmly remains today.
